DETAILED ACTION

Status of Claims

1. Claims 1-22 are pending. Claims 11-18 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Claims 1-10 and 19-22 are under examination.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-10 and 19-21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In response to the rejection set forth in the previous office action, Applicant submits that the claim is clear to those skilled in the art. The claims recite that the claimed monoclonal antibody is specific for an epitope that is unique to an inactivated FIV-encoded glycoprotein. Thus, it is not specific for an epitope unique to live FIV encoded glycoprotein.

Applicant's submission has been considered, however, it is not found persuasive. The claims set forth that the claimed antibody be specific for an epitope that is unique of inactivated FIV encoded glycoprotein. However, it is not clear what is encompassed by that the requirement. What is the epitope that is unique for inactivated FIV encoded glycoprotein? In the instant, Applicant submits that the epitope is different between live and inactivated FIV encoded glycoprotein. However, it is unclear what is the difference.

It is unclear as to what is the epitope. Thus, the claims remain to be rejected under 35 U.S.C. 112, second paragraph.

Additionally, the claims are rendered indefinite because of the recitation "having the Western immunoblot analysis shown in Figure 1". In the instant, the Office cannot readily ascertain any clear and concise information from Figure 1. Thus, the claim is rendered indefinite.

Conclusion

4. No claim is allowed. Claim 22 is allowable. Should Applicant be interested in proceeding with the allowance of claim 22, please contact the Office, Examiner Emily Le.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
